Cable S-AL012A14 2.4A USB to Lightning / 2,4A/ 1,2m (white)

Cable S-AL012A14 2.4A USB to Lightning Joyroom / 2.4A / 1.2m (white)

Discover Jooyrom's advanced charging and data cable that offers effective charging and efficient data exchange for various types of devices. With innovative features, it delivers reliable performance to meet the needs of users around the world. Enjoy reliable and efficient performance with a current of 2.4A and a data transfer speed of 480Mbps.

Speed and performance

The Joyroom cable is an investment in your daily convenience and efficiency. With a powerful 2.4A charging current, you can be sure your devices will charge in no time - it can charge your phone up to 55% in just 30 minutes. The data transfer speed of 480Mbps is a guarantee that no files will get in the way of your daily tasks. Large video files, presentations or documents - everything will be transferred quickly between different devices.

Durability and Aesthetics in One

Joyroom is made of TPE material, which is not only durable, but also flexible. This means you don't have to worry about mechanical damage or wear and tear. This makes it ready for long-term use. One of the biggest advantages of the cable is its length, which is 1.2m. This allows you to put the charged equipment anywhere. Enjoy the comfort of use with Joyroom!
