Cable S-AL012A14 2.4A USB to Lightning Broken Joyroom / 2.4A / 1.2m (black)

The S-AL012A17 cable is an innovative product from JOYROOM, designed to provide fast charging and data transmission. Thanks to advanced technologies and high-quality materials, this cable is the perfect solution for those looking for a reliable accessory for their devices.

Fast Charging and Data Transmission

The S-AL012A17 cable allows not only fast charging of devices, but also fast data transmission. With a current of 2.4A, you can enjoy efficient and effective use of your devices. And the data transfer speed of 480 Mbps guarantees smooth transfer of files, videos and other content between devices. This is a great option for those who value time and efficiency.

Durable Construction

The cable is made of durable aluminum alloy and braided nylon, making it resistant to mechanical damage and heavy use. The angular design of the connector further protects the gadget from breakage and excessive pressure. With the ability to connect to devices with a Lightning connector, the cable is versatile and compatible with a variety of devices, from smartphones to tablets.
