

Cable S-CL020A17 20W USB C to Lightning Angle Joyroom / 20W

Cable S-CL020A17 20W USB C to Lightning Angle Joyroom / 20W / 1,2m (black)

Ref: 6956116751821

Joyroom S-CL020A17 20W USB C to Lightning Breakable Cable / 20W / 1.2m (black).

Here is the Joyroom S-CL020A17 cable that will not only meet your charging and data transfer needs, but also revolutionize the way you use your devices. The unique right-angle design makes the cable a great solution for those who need freedom of movement when topping up their devices. Made of aluminum alloy and braided nylon, it is not only durable, but also elegant.

The speed you need

The Joyroom S-CL020A17 cable offers a remarkable 20W of power and data transfer speeds of up to 480 Mbps. This makes it ideal for those who don't have time to wait. It takes just 30 minutes to replenish your iPhone Pro's power to 65%.

Rugged construction

The rugged construction of the cable is a guarantee that it will serve you for a long time, no matter how intensively you use it. The cable has been additionally coated with a layer of nylon braid, making it not only tangle- and pull-resistant, but also pleasant to the touch. The curved design of the connector makes the cable fit perfectly in your hand when connected to any device - so you can play a game or browse social media without worrying about cable damage or discomfort.

Safe charging

It's worth noting that the cable is compatible with devices equipped with USB-C and Lightning connectors, making it extremely versatile. A smart temperature sensor takes care of keeping it at a safe level for the batteries, so you don't have to worry about overheating your phone, tablet, etc. But that's not the end of the advantages - the connector's housing is equipped with an LED indicator, so you'll be able to find your charging phone more easily after dark.
