TESSAN TS-303-GR power strip

The Tessian TS-303-GR power strip is the perfect solution for anyone who wants to stay organized and have access to electricity wherever they need it. Equipped with as many as 6 AC outlets and 3 USB ports, it will provide you with enough space to plug in all your devices. Its small size (18 x 11.5 x 4 cm) allows you to easily place it on your desk, bookshelf or kitchen countertop, saving valuable space. It will find use not only at home, but also in the office.

Power up to 9 appliances simultaneously

You no longer have to choose which device to plug in first! The power strip offers 6 AC outlets with a maximum output of 3600 watts, allowing you to plug in your computer, game console, speakers and many other appliances without worrying about overloading the electrical grid. It also has 3 USB ports with a maximum current of 3 amps. This means you can charge your smartphones, tablets at the same time, without the need for additional chargers.
