

## Housing Case Telesin for GoPro Hero 9 / Hero 10 / Hero 11 /

Housing Case Telesin for GoPro Hero 9 / Hero 10 / Hero 11 / Hero 12 (GP-FMS-903)

Ref: 6972860172095

Telesin security case for GoPro Hero 12 / 11 / 10 / 9 (plastic) GP-FMS-903

The GoPro Hero camera case will ensure the safety of your device, while not limiting its functionality. On the contrary - the design solutions used allow you to use the camera freely, and even attach the additional accessories to it. The case is light at the same time - weighs only 29.5 g, is durable and easy to install.

### Thoughtful design

The accessory is made of ABS and PC plastics, making it a successful combination of durability and lightness. It will not overload your camera. It is a perfect fit for the GoPro Hero 9/10/11/12, as well as incredibly easy to install.

### Freedom of recording

Fitting holes in the right places, a cold-shoe adapter and the ability to quickly remove the side door of the accessory allows you to not only enjoy convenient operation of the camera, but also mount additional accessories on it, such as a microphone or lighting, for example. You can also easily swap SD cards, as well as charge the device without removing it from the cover.
