Telesin GP-CPB-901 transport case for GoPro Hero 9 / Hero 10 / Hero 11 / Hero 12

The Telesin brand case for GoPro Hero 9 / 10 / 11 / 12 allows you to transport your equipment safely and comfortably. EVA sponge used for its production increases resistance to shock, and water resistance IP54 makes you can use it in almost any situation. The accessory has been shaped to perfectly fit the shape of your camera. Its additional advantage are special compartments for small accessories.

Semi-open design

The special semi-open design of the accessory means that you don't even have to take your camera off the tripod or selfie stick to store it inside. This way you'll never miss an opportunity to capture a unique shot again. Instantly reach for your GoPro Hero and record an original video!

Total security

You don't have to worry about the safety of the device placed in the case. The high-grade EVA sponge provides better shock absorption and protects your equipment from scratches. Moreover, the durable PU material is resistant to damage and wear. The Telesin waterproof and dustproof case will therefore serve you well for a long time.

Compact and practical

The accessory is compact, therefore it fits your backpack or handbag. At the same time it was designed in such a way as to make the best use of available space. The case perfectly matches the shape of the GoPro Hero 9 / 10 / 11 /12 camera and additional compartments allow you to conveniently store small accessories such as SD and micro SD cards.
