Fast Charging cable Joyroom USB-A to Type-C Star-Light Series 3A 1.2m (black)

Joyroom Star-Light Series SA27 USB-A to USB-C 3A 1.2m cable (black)

Charge your devices quickly and safely. The cable uses an amperage of 3A and automatically adjusts the voltage and amperage to the connected device. What's more, the sturdy construction ensures resistance to wear and tear, and the light indicator will make it easy to locate your device after dark.

Charge your device and transfer files

Don't wait indefinitely for your device to be ready to continue working. The cable uses an amperage of 3A and a power of 27W , so it will renew the Samsung S23 Ultra's energy up to 45% in about 30 minutes. In addition, you will use the Joyroom Star-Light Series to send important documents, videos, vacation photos, etc. at 480 Mbps.

Robust design

The cable is distinguished by its carefully considered design, so you can be sure that it will serve you for a long time. The built-in chip protects the device from overheating, and the nylon braid increases the product's resistance to bending and tearing. What's more, the connectors are protected from oxidation and stand out for their long life.
