Joyroom JR-ZS366 Magnetic Car Grille Mount (black)

Introducing the Joyroom JR-ZS366 Magnetic Car Mount, which combines modern design and functionality to make every car trip even more comfortable for you and safer for your mobile device. Check out what it offers.

Reliable mount

The Joyroom JR-ZS366 mount uses advanced N52 magnets to ensure a stable hold on your phone. Regardless of bumps and bends in the road, you can rest assured that your device will stay in place.

Mounting versatility

The base of the mount is designed for easy and hassle-free use, allowing it to be securely and stably mounted in the air vents. What's more, the mount allows you to change the angle of your phone and allows 360° rotation. This gives you convenient access to navigation in any conditions.

Versatility of use

The holder is compatible with most phones with a screen diagonal of 4 to 7 inches. It works perfectly with iPhones 12/13/14/15 series and MagSafe cases, but with the help of a special magnetic ring it will also successfully handle other devices. This is a universal solution that

will meet the expectations of even the most demanding users.
