

Vacuum cleaner Deerma DX118C

Vacuum cleaner Deerma DX118C

Ref: 6955578034619

A handy vacuum cleaner that will surprise you with its efficiency

The DX118C is completely new! The vacuum cleaner is now available in a new grey color variant. With its efficient performance and comfort of use, it will meet the expectations of demanding users. This lightweight and handy vacuum cleaner is equipped with a 5-meter-long cable which gives you the freedom you need. The effectiveness of the vacuum cleaner is guaranteed by the suction power of up to 16000 Pa and 3 interchangeable brushes that can be used in many situations. The 1.2 kg waste container is easy to empty at the push of a button.

You can use it in 2 ways

With its lightweight and ergonomic design, the DX118C is easy to handle and can clean every corner of your home. You can use this practical appliance in 2 ways - as an upright and handheld vacuum cleaner. Using it, you can easily clean your floors and more. Lifting it up to vacuum curtains, higher shelves or the ceiling is not even a problem.

3 brushes in the set

In this package you will find as many as 3 types of brushes. The floor brush works well on almost any surface. It effectively cleans laminate, tiles, and even carpets. Operating it is extremely easy and convenient. It glides smoothly across the floor, and with a thickness of just 5 cm and a 90° swivel range, it will reach every corner. The flat brush is ideal for vacuuming furniture or keyboards, and the

triangular brush is perfect for curtains, sheets and other materials, removing dust, hair and fur.

Surprising performance

The vacuum cleaner is equipped with a powerful motor that can run at up to 28 000 rotations per minute. This is what makes the DX118C's suction power so high. All of this adds up to the DX118C's amazing performance, as you get rid of dust and other debris in no time at all.

Safety and hygiene

Using the DX118C, you will not only vacuum your entire home thoroughly, but you will also limit your contact with dirt. The device is equipped with an efficient HEPA filter that perfectly filters out dust. It can be cleaned under running water, as well as the spacious dust container that empties at the push of a button. All this makes the vacuum cleaner safe and hygienic to use.

Easy to store

Another advantage of an upright vacuum cleaner is that it's easy to store. Just place it against the wall and it won't take up too much space in your home. The device also stands out for its simple yet stylish design. Its modern design, ergonomic construction and impressive functionality make it a fantastic addition to your home.
