Ref: 6972971860928

Filter Freewell ND16 for GoPro HERO 9/10/11/12

Freewell ND16 filter for GoPro HERO 9/10/11/12

Protect the lens of your camera and increase the quality of your shots with Freewell's proposal. The ND16 filter provides protection from scratches, water and dust, and effectively reduces the amount of light coming through the lens. The product is made of high-quality optical glass and aluminum alloy. It is distinguished by its light weight - you do not have to worry about the load on your device. It is compatible with GoPro HERO 9/10/11/12 cameras.

Effective performance

Freewell's ND16 filter provides effective glare reduction, so you can easily take shots that feature realistic colors and excellent contrast. The product also helps you control your camera's exposure settings when shooting or recording outdoors and offers 4-stage compensation to reduce the amount of light coming through the lens.

Refined construction

The Freewell product is made of high-quality optical glass and aluminum alloy. It provides protection against water and oil, as well as dust and scratch resistance. Its lightweight and sturdy design make it ideal for drone and gimbal recording.
