

Wireless Gaming Controller iPega Spiderman PG-4012 touchpad

Wireless Gaming Controller iPega Spiderman PG-4012 touchpad PS4 (red)

Ref: 6987542640120

iPega PG-P4012 wireless gaming controller

Enjoy thrilling gameplay. The iPega PG-P4012 Wireless Gaming Controller is distinguished by its wide compatibility and ergonomic design. Programmable buttons allow you to better adapt it to your habits, while a 6-axis gyroscope and 2 vibration-generating motors allow you to increase immersion. The pad is also equipped with a small touchpad and a 3.5mm audio port. It also has colorful LED backlighting.

Tailored to the needs of gamers

The iPega-branded controller will meet the expectations of even the most demanding users. There are 4 programmable buttons on the back of the device - now you can easily use your favorite functions or perform a complex combination of movements. What's more, the pleasant-to-touch joysticks rotate 360° and guarantee unparalleled precision.

Immerse yourself in the gameplay

Even greater immersion? Now it's possible! The iPega PG-P4012 pad is equipped with 2 motors that generate gentle vibrations depending on the game situation. This allows you to become more immersed in the gameplay and feel like the hero of your favorite title. The controller also has a 6-axis gyroscope, which provides amazing smoothness of operation - now you can effortlessly navigate even the sharpest turn in a racing game!

Built-in touchpad

Take your gaming experience to a new level. The controller has a built-in capacitive touchpad, which will come in handy especially when playing newer games or FPS titles. Get exceptional precision, bring out the full potential of the device and break another record!

Wide compatibility

Do you like to play on a computer or laptop? Do you prefer consoles? Or maybe you are a fan of mobile games? The iPega brand controller will work in any situation! The device is compatible with computers, laptops, smartphones, tablets, PS4 and PS3, among others. It works perfectly with Windows, Android and iOS systems.

Enjoy fantastic sound quality

The controller is also equipped with a speaker and a 3.5mm audio port. This allows you to connect headphones to it. Immerse yourself even more in the gameplay or comfortably listen to music while you play.
