Deli Tools Mini Claw Hammer EDL441008

Mini Claw Hammer is a practical multipurpose tool that will work in many situations. The hammer is made of durable material, which guarantees long-lasting use. The mini size of the hammer makes it very handy and easy to transport, yet powerful and effective enough to be used for many different tasks. It will be great for home, workshop or garden work, and since it takes up so little space, it can also serve you when traveling. It's worth having in your tool case!

Thoughtful design

The hammer has a specially shaped handle that provides a secure and comfortable use of the tool, even during intensive work. The hammer's head is claw-shaped, making it an ideal tool for removing nails and other items that require a gentle and precise strike.
