

Wireless Gaming Controller iPega PG-9078

Wireless Gaming Controller iPega PG-9078

Ref: 303276759260

iPega PG-9078 Gamepad

The ipega PG-9078 gamepad can run for up to 18 hours on a single charge (10 hours of continuous play) and has a smartphone holder. It also features song switching and volume control. When there is no connection, it switches to power-saving mode on its own.

Bluetooth connectivity

The controller allows Bluetooth connectivity to be maintained at distances of up to 8 meters, and the data transmission itself is fast and efficient.

Precise control

The L2/R2 buttons are analog, allowing for precise in-game control.

Precision sticks

The controller is equipped with precision sticks that allow full rotation. In turn, their surface prevents your finger from slipping.

Comfortable handle

The handle allows you to mount a smartphone with a diagonal of 4 - 5.5", and its angle can be adjusted to your liking.

Sensitive buttons

The gamepad responds instantly to the buttons you use.
