Mcdodo CC-2950 car charger, 2x USB, 15.5W (black)
Charge your devices conveniently while on the go. The Mcdodo car charger allows you to connect 2 devices at the same time thanks to its USB-A ports, and features an LED indicator for easy location after dark. Moreover, the aluminum alloy finish ensures durability and is responsible for good heat dissipation. In turn, the voltage support from 12 to 24 volts makes the charger suitable for various types of vehicles.

Charge 2 devices simultaneously
Don't wait until one device charges to plug in another. The charger is equipped with 2 USB-A ports, so you can charge 2 smartphones at the same time. What's more, it uses a voltage of 5V/3.1A, which will efficiently renew the energy of both devices.

Safe to use
Use the charger comfortably without worrying about damaging your equipment. Mcdodo CC-2950 uses an intelligent chip, which is responsible for a safe and stable charging process. Moreover, the product provides protection against overcurrent, short circuit, overcharging and overheating.

Mcdodo CC-2950 is distinguished by its carefully thought-out design, so it will serve you for a long time. The use of aluminum alloy and anodizing process makes the charger resistant to overheating, corrosion and other damage. What's more, it sits securely in the dock - it won't move when driving on a bumpy road, on speed bumps, etc.
