Snaplock plate PGYTECH Arcs-Swiss (P-CG-013)

Ref: 6970801336780

PGYTECH P-CG-013 camera mount

Stable camera mounting and no more problems with screws coming loose? Now it's possible! The PGYTECH P-CG-013 quick release is compatible with Arca-Swiss plates. It utilizes the SnapLock system and patented tight-fitting screw to ensure your equipment is reliably stable and secure, and you are comfortable using it.

Compatible with useful accessories

Create even better footage and say goodbye to camera mounting problems. The PGYTECH quick release fits Arca-Swiss plates, MantisPod Pro tripods and other SnapLock equipped accessories. Now you can successfully mount your recording equipment on a boom or tripod and take tons of fantastic shots!

Dream Stability

Ordinary quick-release plates often get loose and dislodged. Are you familiar with similar problems? With PGYTECH you can forget about them! The P-CG-013 quick-release features a patented tight-fitting screw that provides unparalleled stability. What's more, the SnapLock system makes installing and removing the accessory much easier and faster.
