

Protector PGYTECH for DJI RC Pro (P-GM-148)

Protector PGYTECH for DJI RC Pro (P-GM-148)

Ref: 6970801337695

PGYTECH protective cap for DJI RC Pro (P-GM-148)

The overlay is made of flexible and durable TPU plastic. It makes both transport and storage of the controller safe, so you don't have to worry about damaging your equipment. In addition, its installation will not cause you any problems.

Effective protection

Now you can be sure that the DJI RC Pro is protected from damage. The product protects the controller's screen from scratching or cracking. It also covers the function buttons, so you will avoid accidental activation of the device.

Fitted for DJI RC Pro

The cap was created from flexible TPU plastic, which makes it easy to install. What's more, it's optimally fitted to the shape of the controller, so you're sure that the controller is safe and protected from damage.
