

Carrying Case PGYTECH DJI RS 3

Carrying Case PGYTECH DJI RS 3

Ref: 6970801339248

PGYTECH bag for DJI RS 3

Keep your DJI RS 3 and its accessories safe. The PGYTECH bag features a sturdy, water-resistant and damage-resistant design, protecting your equipment from damage. What's more, it's lightweight and handy, and you'll stay organized with dedicated compartments.

Dedicated DJI RS 3

PGYTECH P-RS3-100 will accommodate RS 3 gimbal, BG21 mount, tripod, mounting plate, cable, tablet, etc. despite its small design. On the other hand, you can stow filters or memory cards in the smaller pockets. What's more, the EVA plastic recesses are sized to fit your accessories, which will keep you organized.

Durable

The P-RS3-100 bag was created from materials such as nylon and EVA, making it resistant to deformation and damage. What's more, it features an IP44 waterproof rating. An airtight zipper prevents water or dust from getting inside, and an ergonomic handle makes it easy to carry.
