

## Case For Filter Set 37-62 mm K&F Concept

Case For Filter Set 37-62 mm K&F Concept

Ref: 6975482320868

### K&F Concept 37-62mm Filter Kit Case

Keep all your essential filters at hand. The K&F Concept case protects your accessories with a waterproof design and allows you to quickly respond to changing lighting conditions, no matter where you are shooting. It's the perfect choice for professionals and enthusiasts who value mobility and don't want to miss any opportunities to capture the perfect shot.

### Convenient Storage for Multiple Filters

The K&F Concept case allows you to store a set of 3 round filters with a maximum diameter of 62mm. You can store all accessories in separate pockets to protect them from scratches and damage.

### Compact and Portable

The product features a foldable design. When folded, it's similar in size to a wallet - measuring 96 x 96mm, making it easy to fit into most camera bags.

### Sturdy Protection and Waterproof

Separate compartments prevent filter damage from scratching, and the material made from waterproof fabric provides additional protection against moisture and liquids.

#### Easy Access

With the K&F Concept case, you can enjoy quick and easy access to all your filters, allowing for efficient fieldwork.

#### Additional External Pocket

On the outside of the case, there is an additional pocket where you can store small items such as cleaning cloths, memory cards, and other accessories.
