

High-speed Card Reader Case PGYTECH CreateMate

High-speed Card Reader Case PGYTECH CreateMate

Ref: 6976100482463

PGYTECH CreateMate memory card reader case

PGYTECH CreateMate is an essential accessory for memory card storage and data transfer in the field! It can hold up to 8 memory cards and 2 nano SIM cards, making it ideal for travelers. It provides incredibly fast file transfer, and thanks to its wide compatibility, you will successfully use it in conjunction with various types of SD and TF cards.

Transfer data expressly

Forget about the long wait for data transfer! The PGYTECH reader delivers lightning-fast transfer speeds of up to 312 MB/s - all thanks to its built-in USB-C 3.1 chip. This means you can transfer your videos, photos and other files at an express pace, saving valuable time that you can spend creating and sharing your creative creations.

Easy to use

With PGYTECH CreateMate, you can share fantastic footage and photos with the world in no time! With plug-and-play support and a USB-C interface, the transfer process is incredibly simple. You don't have to waste time installing additional apps or complicated settings - just connect the reader to the device of your choice and you're done!

Rugged and resilient

PGYTECH CreateMate is ready for the toughest conditions! With an IP54 waterproof design, you don't have to worry about damage to the reader from accidental splashes. With a silicone casing that effectively absorbs shocks and protects against drops, the reader is ready to face all the challenges of travel. What's more, the carabiner that comes with it allows you to securely clip it to your backpack or bag.
