Imou RV1C Cleaning Robot

The Imou RV1C Cleaning Robot is an amazing device that transforms daily chores into effortless and efficient tasks. It incorporates a range of practical features, such as advanced room mapping, intelligent cleaning using algorithms, water usage regulation, and an advanced obstacle avoidance system. Additionally, its ability to cross thresholds, versatile automation, and intelligent charging make it the perfect product for any modern home.

Intelligent Cleaning

The Imou RV1C stands out with its ability for intelligent cleaning. It uses algorithms to create an optimal cleaning path, and its V-shaped brush further enhances efficiency. Additionally, it automatically increases suction power on carpets, providing deep cleaning.

Water Usage Control

The robot allows the user to regulate water usage based on the type of room, increasing cleaning efficiency. Users can set different water usage levels, for example, low in the bedroom, medium in the living room, and high in the kitchen.

Advanced Obstacle Avoidance System

Thanks to its multi-channel sensor system, the Imou RV1C efficiently avoids obstacles, ensuring smooth cleaning without the risk of

getting stuck. The robot is also capable of crossing thresholds up to 20 mm in height and maneuvering under furniture, guaranteeing comprehensive cleaning.

App Management

The Imou RV1C control app provides users with remote control and monitoring of the robot's work. It allows easy scheduling of cleaning sessions, adjusting water usage according to the room, and real-time tracking of cleaning progress. Its intuitive interface and the ability to customize settings, such as suction power or cleaning zone selection, make it an essential tool for managing household chores.

Package Contents

Cleaning device with charging station x 1

Machine-washable mop cloth x 1

Disposable mop x 10

Side brush x 2 (one is pre-installed in the cleaner)

Main brush x 1 (installed in the cleaner)

Filter x 1 (installed in the cleaner)

Cleaning blade x 1 (installed in the docking station)

Brand Imou Model RV1C Color White Navigation LiDAR Cleaning Time max. 110min Battery Capacity 3200mAh Charging Time 4h Noise Level 65dB Obstacle Height 2cm LiDAR Range approx. 8 meters Sampling Frequency 2016 samples per second Scanning Frequency 6 revolutions per second Dust Tank Capacity 300ml Water Tank Capacity 250ml Tank Type Electric water tank Dimensions 350 x 350 x 98mm Suction Power 2700Pa Operating Environment 0-40°C, ≤90%
