Imou RV-L11-A Cleaning Robot

Looking for an intelligent and efficient helper to clean your home? Meet the Imou RV-L11-A cleaning robot, which ensures spotless cleanliness in every corner of your apartment. The Imou RV-L11-A robot is an excellent choice for cleaning tasks. One of its most important features is the ability to self-clean for up to 30 days without the need to empty the station. This saves time and effort, something that will be greatly appreciated by anyone looking for convenience and efficiency.

Efficient Vacuuming

Room mapping is another excellent feature of this robot. Thanks to fast scanning and intelligent algorithms, the Imou RV-L11-A precisely charts the cleaning path, effectively eliminating dirt. Its V-shaped brush allows for even more efficient dirt removal, and when the robot detects a carpet, it automatically increases the suction power for deep cleaning. The Imou RV-L11-A has a suction power of up to 2700Pa, ensuring effective dirt removal.

More Possibilities with the App

The Imou RV-L11-A robot's control app gives you full control over the cleaning process. You can customize water usage in different rooms, optimize cleaning schedules for each zone, and ensure that the robot operates precisely where you need it. Thanks to the multi-sensor system, you can avoid troublesome blockages, and the robot won't miss any spots.

Scheduling and Zone Setting in the App

The Imou RV-L11-A is not just about cleaning; it's complete automation. With the app's connectivity, you can plan cleaning schedules tailored to each zone in your home or let it operate freely, ensuring cleanliness anytime, anywhere. Moreover, the robot autonomously returns to the charging station to recharge its battery and then resumes cleaning where it left off.

Overcoming Obstacles

This versatile helper is also a master at overcoming obstacles. It not only effectively avoids obstacles during cleaning but also crosses thresholds up to 20mm in height and slides under furniture to reach the most inaccessible places.

Package Contents

Cleaning device with charging station x 1
Machine-washable mop cloth x 1
Disposable mop cloth x 10
Dust bag x 3 (one installed in the docking station)
Side brush x 2 (one installed in the vacuum cleaner)
Main brush x 1 (installed in the vacuum cleaner)
Filter x 1 (installed in the vacuum cleaner)
Cleaning knife x 1 (installed in the docking station)

Specifications

Brand Imou
Model RV-L11-A
Color Black
Navigation LiDAR
Cleaning Time max. 110min
Battery 3200mAh
Charging Time 4h
LiDAR Range Approximately 8 meters
Sampling Frequency 2016 samples per second
Scanning Frequency 6 rotations per second
Dust Bin Capacity 300ml
Water Tank Capacity 250ml
Tank Type Electric water tank
Suction Power 2700Pa (vacuum cleaner), 2600Pa (docking station)
Operating Noise 65dB (vacuum cleaner), up to 80dB (docking station)
Obstacle Height 20mm
Dimensions 350 x 350 x 98mm (vacuum cleaner), 356 x 250 x 193mm (docking station)
Working Environment 0-40 °C, ≤ 90%
Power Input AC 220V 5A (station)
Power Output DC 24V 1.5A (station)
