

## Docking Station Choetech HUB-M14 for Macbook Pro, 7-in-2 USB

Docking Station Choetech HUB-M14 for Macbook Pro, 7-in-2 USB-C, Thunderbolt 3 (silver)

Ref: 6971824975376

Choetech HUB-M14 docking station for Macbook Pro, 7-in-2 USB-C, Thunderbolt 3 (silver)

Choetech M14 is distinguished by its extensive interface. The hub has 2 USB-C to HDMI ports that allow you to connect to two monitors or a TV at 4K@30 Hz resolution for an amazing visual experience. In addition, there are TF/SD ports, as well as 2x USB-C and 2x USB 3.0, allowing you to connect multiple devices simultaneously. What's more, the docking station is dedicated to MacBook Pro and Air.

### File transfer

Use the hub to efficiently transfer files such as photos, videos, documents, etc. USB 3.0 ports reach a maximum speed of 5 Gbps, which allows you to transfer data quickly. Also worth noting are the USB-C ports, including Thunderbolt 3, which support 5K at 60 Hz and deliver power to devices with a maximum power of PD100 watts.

### Connect a variety of devices

The hub offers many ways to connect different devices. You can hook up a projector, monitor, TV, as well as a keyboard, mouse, printer or smartphone to the docking station. Support for memory cards up to 2 TB allows file transfers of up to 104 Mbps, and the Plug&Play function ensures easy setup, with no additional drivers to install.

### Lightweight and compact

Another advantage of the hub is its compact design. The dimensions of the docking station are 115 × 28.9 mm, which means it won't take up much space. It won't get in the way when using your MacBook and you can successfully pack it into your laptop bag. With the M14, you get plenty of options to maximize the potential of your MacBook Pro or MacBook Air.
