HiFuture FutureTour Pro Headphones (black)

The HiFuture FutureTour Pro headphones are a real treat for music and premium sound lovers. They support hybrid ANC technology, so you can completely immerse yourself in the sounds of music, regardless of the surrounding noise. They provide a long operating time, and their foldable design will make them easy to store. You will successfully connect them to the device of your choice both wired and wirelessly.

Just you and your favorite songs

Now you can immerse yourself in music and give yourself over to it completely, no matter where you are. FutureTour Pro support hybrid ANC technology, which effectively eliminates all ambient sound interference. Whether you're in a crowded subway, airplane or noisy office, the HiFuture headphones will make sure you hear only what you really want to hear.

Carry on conversations without distractions

FutureTour Pro will let you stay in touch with others wherever you are! With a built-in microphone, you're free to make phone calls without having to reach for your phone. The advanced artificial intelligence algorithm reduces interference and suppresses unwanted background noise, making your voice clear and understandable to the caller. Nothing will get in the way of your conversation anymore!

Choose your method of connection

Wireless connection or maybe wired? The decision is up to you! Thanks to Bluetooth 5.2 technology, you can easily and quickly pair the headphones with any compatible device, among other smartphones or tablets. The wireless connection guarantees freedom and mobility, allowing you to listen to music without cumbersome cables. You'll also find an AUX cable included, allowing you to connect the headphones to your computer, for example.

Let the music last

Listen to your favorite music all day long and even longer! The headphones feature a powerful rechargeable battery that provides up to 35 hours of use on a single charge, making them ready for a multi-hour train trip or a marathon listening to your favorite artists' albums. That's not all! With fast charging, you can get back full power in no time. FutureTour Pro are ready to accompany you for a long time.

Made for your comfort

The FutureTour Pro headphones also offer exceptional comfort that you'll appreciate every day. The ergonomic design, combined with soft ear cups, makes them fit perfectly to the shape of your ears, which means you can wear them for long hours without feeling tired or uncomfortable. Thanks to the foldable design, you can easily stow them in your bag or backpack and take your favorite music with you wherever you go.
