

Wall charger XO L92D, 1x USB, 18W, QC 3.0 (black)

Ref: 6920680825622

Wall charger XO L92D, 1x USB, 18W, QC 3.0 (black)

XO L92D mains charger, 1x USB (black)

The XO L92D network charger allows you to charge your devices in no time. It offers power up to 18W and supports AFC, QC, FCP and Apple 2.4A fast charging protocols. With its help, you will renew the energy in your Samsung, Huawei or iPhone smartphones in a few moments. You don't have to worry about the safety of your equipment - the product provides effective protection against overheating, among other things.

Small and lightweight

The accessory is distinguished by its lightweight and compact design, so you can successfully fit it in a backpack or handbag. It supports 100-240V voltage, so you can use it almost anywhere in the world. All this makes the charger perfect for traveling!
