

Wall Charger XO L100 USB QC 3.0 + 3x USB 2.4A 18W(white)

Ref: 6920680827350

Wall Charger XO L100 USB QC 3.0 + 3x USB 2.4A (white)

XO L100 USB QC 3.0 + 3x USB 2.4A network charger (white).

Instantly charge up to 4 devices simultaneously. The network charger is equipped with 4 USB-A output ports and offers up to 18 watts of power. It supports multiple fast charging protocols, including Quick Charge and AFC. It ensures safe use and stable voltage during the charging process.

Fast charging technology

Forget about waiting a long time for your device to charge. The USB1 port supports multiple fast charging standards including QC 3.0 / 2.0, AFC, FCP or Apple 2.4A. The other ports support 2.1A charging. This will quickly restore power to your devices!

Charge without limits

Enjoy freedom while charging. The charger is equipped with as many as 4 USB output ports. So you can conveniently restore energy with a maximum power of 18 watts in up to four equipment at the same time! For example, you can use it to charge your smartphone, tablet, powerbank and wireless headphones without any obstacles.

For the sake of safety

Have confidence that your devices are safe while charging. The product guarantees a high level of user safety and effectively protects

against overvoltage and overheating of the device during charging. Moreover, it ensures stable voltage during the charging process.
