### Yunmai EasePro YMFG-M403 Massager

The Yunmai EasePro YMFG-M403 Massager is a practical device that provides relief and muscle recovery after intense workouts or long workdays. Designed to meet the needs of athletes and physically active individuals, it offers 20 kg of pressure force and three speeds to adapt to various user needs. Lightweight, quiet, yet highly effective, it is the perfect choice for anyone seeking professional muscle recovery support.

### Innovative Massage Technology

The EasePro YMFG-M403 is equipped with Magic Touch technology, allowing you to adjust the massage intensity by changing the pressure. This enables precise control of the massage force, which is crucial for effective recovery. The unique 10mm massage amplitude ensures deep and effective targeting of tired muscles, providing relief and accelerating their recovery.

### Three Speeds for Different Needs

The massager offers three speeds: 1800 RPM, 2400 RPM, and 3000 RPM, which can be adjusted according to your needs - from gentle warming and muscle awakening to post-workout relief and intensive recovery. This flexibility makes the device suitable for both professional athletes and hobbyist exercisers.

### Ergonomic Design and User-Friendly

The 105° handle angle and aerodynamic motion balance design ensure user comfort and minimize hand vibrations. The touch screen allows for easy and intuitive device operation, making the Yunmai EasePro YMFG-M403 massager user-friendly for everyone.

### Versatile Massage Heads

Four different massage heads are included in the set, each designed for massaging different muscle groups. From the round head ideal for large muscle groups to the U-shaped head for the neck and spine, and the elongated head for deep tissues, and the flat head for relaxation. This versatility makes the massager highly effective for various applications.

### Perfect for Every Occasion

The Yunmai EasePro YMFG-M403 weighs only 600g and generates noise levels of up to 43dB, making it an incredibly portable and discreet device. It will perform excellently at home, in the gym, or in the office, providing professional massage anytime and anywhere.
