Wi-Fi, ZigBee Sonoff iHost Smart Home Hub AIBridge-26, 4GB R

Ref: 6920075778304

Wi-Fi, ZigBee Sonoff iHost Smart Home Hub AIBridge-26, 4GB RAM

Wi-Fi Central, ZigBee Sonoff iHost Smart Home Hub AIBridge-26, 4GB RAM

The iHost Smart Home Hub AIBridge-26 is an innovative solution that transforms your home into a smart ecosystem. Designed to enhance comfort, safety, and the efficiency of your home devices, this Sonoff local server is not only a control center but also a personal guardian of your data privacy. With its help, managing your home becomes simple, intuitive, and, above all, secure.

Compatibility with Wi-Fi and Zigbee Devices

The iHost Smart Home Hub offers exceptional compatibility with Wi-Fi LAN devices and Zigbee protocol, allowing easy connection and control of up to 128 devices. Independence from the internet during outages and collaboration with Zigbee routers enable reliable management and network expansion throughout your home.

Local Data Storage

Data is stored locally, with full respect for your privacy. iHost Smart Home Hub can store up to 2000 data of each type, including scene logs, operations, and security. This provides data security and enables quick access to the system's activity history.

Open API Interface and Docker Integration

Advanced customization becomes a reality thanks to the open API interface and support for Docker. You can install or create add-ons

that enhance the functionality of your system, making daily use even more tailored to your needs.

Advanced Interaction Features
iHost Smart Home Hub offers Text-To-Speech features, increasing interaction capabilities with the device. The ability to input voice commands and receive voice notifications makes home management more intuitive.

Built-in Microphone and Speaker
The device is equipped with a built-in microphone and speaker, allowing direct communication with the system. Additionally, four buttons for basic control functions provide easy access to essential options.

Package Contents:
- Wi-Fi Central x 1
- 1m Internet Cable x 1
- 1m USB-C Cable x 1
- Reset Key x 1
- Quick Guide x 1

Specifications:

BrandSonoff
ModelAIBridge-26
ColorWhite
Input5V-2A
Charging InterfaceType-C
Antenna InterfaceRJ45
Memory ExpansionMicroSD card up to 256GB
CPURV1126 Quad-Core 1.5GHz
NPU2.0Tops INT8/INT16
RAMDDR4 4GB
Internal Memory8GB
CertificationCE/FCC/ISED/RoHS
Dimensions120 x 135.5 x 41mm
Weight208g
MaterialABS
Wi-FiIEEE 802.11 b/g/n 2.4GHz
AntennaBuilt-in FPC
Security Mode, EncryptionAES-128
UsageIndoor
Operating Temperature-10°C~40°C
Operating Humidity5%~95%
Operating AltitudeLess than 2000m
