

Magnetic neck mount TELESIN for cellphones

Ref: 6974944462016

Magnetic neck mount TELESIN for cellphones

Magnetic neck mount TELESIN for cellphones

Record even more conveniently from a first-person perspective. The mount is distinguished by its solid construction, thanks to the use of high-quality materials. In addition, it is lightweight, and the silicone strap will not cause discomfort while wearing it. What's more, you can adjust the position of your smartphone horizontally or vertically. The holder is compatible with iPhones 12 series or newer and MagSafe-enabled cases. You can also attach other smartphones to it - just clip on the magnetic ring (included).

Included

magnetic neck holder

magnetic ring

cleaning kit

cable to prevent loss
