Network charger Vipfan E08, USB + USB-C, 20W PD + QC 3.0 (white)

Vipfan E08 network charger, USB + USB-C, 20W PD + QC 3.0

Charge 2 devices at the same time! The E08 features ports: USB and USB-C, which will save you time. It supports 20W PD and QC3.0 fast charging protocols, so you'll renew the energy of your compatible device in no time. It automatically adjusts the voltage to the device being charged, and being made of flame-resistant materials translates into safe use.

Instantly charge your device

You no longer have to wait indefinitely for your device to charge. The charger has USB and USB-C ports, which will renew the power of 2 devices at the same time. What's more, it's compatible with fast charging protocols like QC3.0 + PD 20W, so you'll charge your smartphone up to 50% in about 30 min (iPhone newer than version 8).

Safe to use

The charger is designed to be safe to use. It is protected against overcurrent, short circuit, short circuit, overvoltage, overheating, etc. What's more, it automatically adjusts the amperage to the device being charged - a smart chip makes this possible.

Thoughtful design

Vipfan E08 was created from fire-resistant ABS and PC materials, which affects its resistance to damage. In addition, it is lightweight and

compact, so you can always carry it with you. You can successfully stow it in your purse or backpack and take it on vacation, to college or to work.
