Havit H2590BT PRO Bluetooth Wireless Headphones (Blue)

Enjoy excellent HD sound quality with Havit H2590BT Pro wireless headphones. These headphones allow you to play music not only through Bluetooth 5.1 but also via a 3.5mm AUX cable or a micro SD card. They also support FM radio, and their battery life lasts up to 3-4 hours on a single charge. Additionally, they are incredibly comfortable and durable, featuring a foldable design and a built-in microphone.

Dynamically Enhanced Drivers and Built-In Microphone

Rediscover your favorite songs. These headphones are equipped with dynamic 40mm drivers that provide crystal-clear sound and enhanced deep bass. Furthermore, thanks to the well-thought-out design of H2590BT Pro, they excellently isolate external sounds, allowing you to fully focus on the beautifully reproduced tracks. The built-in microphone enables you to take calls without reaching for your smartphone.

Long Battery Life

The built-in 200mAh battery allows the headphones to work for approximately 3-4 hours on a single charge. If you prefer, you can also connect them to your chosen device using the AUX cable for a wired experience, ensuring they won't run out of power at an inconvenient moment.

Comfortable to Use

These headphones are designed with even the most demanding users in mind. The soft ear cushions fit perfectly on your ears and isolate external noises, allowing you to fully immerse yourself in the music. The H2590BT Pro headband is adjustable to suit your needs, and you can also fold them, making it easy to transport and store the headphones.
