Colmi C61 Smartwatch (Gold)

Looking to take care of your fitness? Or perhaps you're searching for a versatile smartwatch that works well for daily use? The Colmi C61 model is the perfect choice! This device offers over 100 different sports modes, can monitor sleep, heart rate, and blood oxygen saturation. Its easy operation is made possible with a large 1.9" touchscreen display. The smartwatch also allows phone calls and is IP67 waterproof.

Large HD IPS Display

Enjoy the convenient operation of the smartwatch. The Colmi C61 features a large 1.9-inch display made of durable 3D glass that provides a clear, vivid image in almost any conditions. Furthermore, the device stands out with its slim bezels (0.8 mm) and an impressive screen-to-body ratio of around 95%. You can also customize the appearance of the smartwatch to your liking, choosing from over 150 available dial designs or uploading your own photos.

Reliable Performance - Long Battery Life

The efficient and stable operation of the smartwatch is ensured by the improved RTL8762D chip. Additionally, the C61 model uses Bluetooth 5.1 connectivity, providing fast, reliable transmission and low energy consumption. The device also boasts ample memory capacity, accommodating 5 types of user interfaces and up to 28 dial designs. Another advantage of the watch is its long battery life,

reaching up to 7 days with regular use or 15 days in standby mode.

Stay Connected

With Colmi, you won't have to worry about missing anything important. The C61 smartwatch will promptly notify you of incoming messages and notifications. To read them, simply raise your wrist! The device also allows you to make phone calls, as it comes with a built-in speaker and microphone. You can easily answer incoming calls, disconnect, or call a number saved in the watch's registry.

Train Effectively

The smartwatch will also assist you in planning your workouts. The C61 model counts steps and calories burned, measures distances covered, and monitors your heart rate during exercise. You have access to over 100 sports modes. Whether it's cycling, basketball, running, or badminton, choose your favorite discipline or try something new! With Colmi, you can conveniently track your progress and set achievable goals.

Take Care of Your Health

Keep your finger on the pulse and promptly learn about any worrisome symptoms. Thanks to the C61 smartwatch, you can measure your heart rate continuously, even throughout the day, and monitor your sleep. It will help you better understand your circadian rhythm, eliminate bad habits, and finally get a good night's sleep! The device also allows you to monitor blood oxygen saturation.

Perfect for Everyday Use

The Colmi C61 smartwatch is not only functional but also exceptionally lightweight and comfortable. You can wear it on your wrist all day without worrying about discomfort! The device is also IP67 waterproof, so you don't have to take it off when washing dishes, working out, or going out in the rain - it can handle splashes of water, sweat, or accidental spills with ease! The smartwatch also looks incredibly stylish and will surely appeal to many users.

Intelligent Assistant on Your Wrist

With the Colmi C61, everything you need is at your fingertips. The smartwatch allows you to conveniently use the intelligent voice assistant. This means that a few words are enough to, for example, call a friend, check the current weather forecast, play your favorite playlist, or find out the time. The possibilities are almost limitless!
