Monitor Koorui GP01

Discover a new dimension of the gaming world with the Koorui GP01 23.8" gaming monitor! QHD 2560x1440 resolution, 16.7 million colors, 165 Hz refresh rate and wide viewing angle will give you an amazing experience that will make you feel like you're in the heart of the action! The monitor supports a variety of useful features, such as Timer and Eye Protection, and offers the ability to be placed in any position, so you can customize it to your needs.

Exceptional image quality

The Koorui GP01 monitor offers amazing image quality thanks to its Nano IPS panel. This choice of technology makes colors more vivid and details sharper. The QHD (2560x1440) resolution provides a larger working space and allows you to see even the smallest details perfectly. With a 178° viewing angle, you can be sure that the image will be clear regardless of your viewing perspective.

Experience deep immersion

With a refresh rate of 165 Hz and a GTG response time of 1ms, the GP01 monitor is an ideal choice for gamers. Higher refresh rate makes images smooth, which is essential for dynamic games! Ultra-short response time eliminates ghosting, so nothing will interfere with even the most fast-paced action in a game or movie. Additional features such as G-sync, Free-sync and OD Accelerate will give you an unforgettable experience without any lag.

Incredible color richness

The GP01 monitor offers a true richness of color that is sure to delight you. With 16.7 million colors and a depth of 8 bits and 100% sRGB color space, it is an ideal choice not only for gamers, but also for professionals working in fields such as graphics. It's a true color feast!

Multifunctional and versatile

The GP01 monitor is equipped with a number of features that will satisfy a variety of user needs. Features such as HDR, Timer, FPS, Theater Mode, Collimator Mode and Eye Protection Mode will make the use of the monitor a unique experience tailored to individual needs. In addition, with 2 x HDMI 2.0, DP 1.4 and Audio interfaces, the monitor becomes a versatile center suitable for both entertainment and work.

Thoughtful design

The aesthetically pleasing design of the Koorui GP01 monitor, with a 23.8-inch screen with a 16:9 aspect ratio, will fit perfectly into any interior. But it's not just the exterior that makes it special. The monitor offers VESA 100 x 100 mounting, and you can put it in any position you want, changing the angle of tilt or placing it vertically. Use it as you are comfortable - the choice is yours!
