Ref: 6955578042065

Deerma KZ120 1700W Oil-Free Fryer

The Deerma KZ120 1700W Oil-Free Fryer revolutionizes meal preparation by combining efficiency, safety, and versatility. With a power of 1700W, quick heating up to 200°C, and a capacity of 7.5 liters, this fryer not only makes cooking easier but also contributes to a healthier lifestyle. Intuitive, intelligent menu, independent temperature and baking time adjustment, clear display, and numerous overheating protections make it an indispensable appliance in every kitchen.

Fast Heating and Efficiency

The Deerma KZ120 Fryer stands out with an impressive 1700W power, allowing for quick heating up to 200°C. This makes meal preparation much faster and more efficient, perfect for busy individuals and families.

Intelligent Menu

With eight predefined programs, the fryer automatically adjusts temperature and cooking time for various ingredients. This makes cooking simpler and more intuitive, even for novice chefs.

Precision Control

The device offers full control over the cooking process, allowing temperature adjustment from 75 to 200°C and time adjustment from 1

to 60 minutes. These capabilities enable precise customization of settings for specific recipes.

Generous Capacity

With a capacity of 7.5 liters, the fryer is ideal for preparing meals for the whole family. It can handle large portions, which is especially useful for family gatherings or parties.

Safety and Ease of Use

The fryer is equipped with numerous overheating protections, ensuring safe operation. The simple and clear display makes operating the device easy, while the non-stick cooking tray facilitates cleaning and maintenance. Additionally, 14 independent buttons provide easy navigation, and 11 turbine blade paddles ensure even baking.
