Havit TW967 TWS earphones (white)

Ref: 6939119024888

#### TWS Havit TW967 headphones (white)

Listen to your favorite tunes in even better quality. The wireless headphones provide deep bass and a reliable Bluetooth connection. Built-in microphones allow you to conveniently communicate with your loved ones, and the ergonomic design provides long-lasting comfort. You can successfully pair the headphones with Android and iOS devices.

#### High quality sound

The headphones are equipped with dynamic drivers with a diameter of 10 mm. What's more, they use a wide frequency response of 20-20k Hz. All this allows you to enjoy impressive sound, rich in bass tones.

#### Bluetooth 5.1

The headphones connect to a compatible device via Bluetooth 5.1 and provide fast signal transmission and reduced power consumption. You can successfully pair the Havit TW967 with devices such as a smartphone, tablet, iPad, or iPhone. What's more, each headphone connects to the device independently, so you can use both or one of them without worrying about interference.

#### Simple, intuitive operation

The Havit TW967 offer touchpads with which you can customize their operation. Instantly skip songs, use the voice assistant, etc. You no

longer need to reach for your smartphone to adjust your headphone settings.

**Wear as long as you want**

The headphones are distinguished by their ergonomic design, so you can use them for a long time without feeling tired or uncomfortable. What's more, they fit snugly around your ears and effectively dampen ambient noise - cut yourself off from external noise and focus on what's important to you.

**Up to 5 h of playback**

The Havit TW96 are equipped with 40 mAh batteries (each) and a charging case with 300 mAh. As a result, you can listen to music for about 5 h (at 60% volume) or talk on the phone for about 4 h. Charging the headphones, on the other hand, will take about 2 h.
