Pet grooming kit Oneisall BM1

#### Oneisall BM1 Pet Fur Care Vacuum Kit

The practical Oneisall BM1 pet fur care vacuum kit - your ally in maintaining the cleanliness and health of your pet's fur. Designed for comfort and efficiency, the BM1 is fast, gentle, and extremely efficient, providing comprehensive care for small, medium, and large animals. Discover its key features that will make daily hygiene a pleasure.

## Drying Length

The device offers adjustable drying temperature from 35°C to 65°C and a wind speed of 70cfm, allowing customization for the needs of each pet. The BM1 dries animals in record time - small dogs dry in 10-15 minutes, medium-sized ones in 30-35 minutes, and large ones in 40-60 minutes. This means less stress for the animal and time savings for you.

### **Practical Accessories**

The Oneisall BM1 vacuum cleaner comes with numerous nozzle attachments that make the job much easier. They are equipped with durable teeth that are perfectly suited for taking care of your pets' fur. It is also gentle on the animal's skin, ensuring safe and effective fur removal.

Powerful Motor

Mobilemax - Gadgets and Accessories Rua Vasco da Gama n61, 8005-411, Estoi - Faro, Portugal (Continente) Phone: +351962484153

Ref: 6934399223174

The motor used in the vacuum cleaner runs at 44,000 revolutions per minute, ensuring efficient operation, and the 2-liter tank does not require frequent emptying.

#### **Quiet Operation**

The device's low noise level is the key to comfortable use. The Oneisall BM1 generates a noise level of 60dB, similar to the volume of a conversation in a restaurant. Your pet will not be stressed by the loud operation of the device, making grooming easier.

#### Separate Blowing and Suction Systems

The unique BM1 system ensures that only fresh air is blown out. This prevents the spread of fur and allergens in the air, maintaining cleanliness in your home.
