

## Fountain/ drinker for Dog and Cat Oneisall PWF-001

Fountain/ drinker for Dog and Cat Oneisall PWF-001

Ref: 6934399223198

### Oneisall PWF-001 Dog and Cat Fountain/Drinking Bowl

The Oneisall PWF-001 fountain/drinking bowl for dogs and cats is a practical and modern solution that provides your pet with constant access to fresh water. Featuring unique features such as oxygenation of water, a three-layer filtration system, and ease of maintenance, this product is the perfect solution for any pet owner. Additionally, its quiet operation and large capacity make it comfortable for both you and your pet.

### Safety and Durability

The Oneisall fountain features a water dispenser made of 316 stainless steel, which is much safer and more durable than plastic alternatives. This high-quality steel is corrosion-resistant and does not release harmful substances.

### Convenient Monitoring and Large Capacity

With a transparent LED window, the fountain allows for easy monitoring of the water level, eliminating the risk of it running out. With a 2-liter capacity, the device provides continuous access to water, which is essential for your pet's health and well-being.

### Advanced Filtration System

The three-layer filtration system of the Oneisall fountain effectively removes unpleasant odors, filters out impurities, and softens water.

Each layer has a specific function: the first filters out food residues and fur, the second absorbs odors, and the third removes heavy metals.

#### Easy Cleaning

This fountain model is extremely easy to clean. It can be washed under running water or in the dishwasher, making cleaning a breeze.

#### Quiet Operation

With a noise level of only 35 decibels, the fountain won't disturb you or your pet. This level of noise is comparable to the lowest setting of a fan. Quiet operation is especially important at night or in quiet home environments.

#### Package Contents:

Drinking Bowl x 1  
Sponge x 3  
Blue Filter Foam x 3  
Carbon Filter x 3
