

## Intelligent food dispenser 3L PetWant F14 (white)

Intelligent food dispenser 3L PetWant F14 (white)

Ref: 5906168432309

### Intelligent 3L PetWant F14 Pet Feeder (White)

Ensure that your furry friend has access to fresh food even in your absence. The PetWant F14 intelligent feeder offers a 3L capacity tank and, thanks to a mechanism that prevents food from getting stuck, guarantees consistent meal servings. The dedicated app allows you to customize the amount of food and the feeding schedule. You can also record a message for your pet to encourage them to eat. Power the device using a DC5V/1A cord or 3 AAA batteries.

### Hygienic Food Storage

PetWant cares about the health of animals, which is why the F14 intelligent feeder is equipped with a hermetic closure to effectively prevent insects or ants from accessing the food. Additionally, an extra drying box eliminates the issue of moisture accumulation, ensuring that the food remains fresh at all times.

### Guaranteed Regular Meals

The 3L tank allows for the storage of a large quantity of dry food with a diameter ranging from 5 to 12 mm. Its transparent design makes it easy to check the remaining amount of food. The special opening design eliminates the risk of food getting stuck, ensuring continuous feeding. Rest assured that your pet won't go hungry, even when you're away from home!

### Feeding Automation

Take care of your pet's proper diet. The dedicated app allows you to schedule up to 4 meals a day. You can also adjust the portion size to ensure that your four-legged friend maintains a healthy weight.

### From Love for Your Pet

With PetWant, your pet can hear your voice even in your absence! Record a personalized 10-second message to encourage your furry friend to eat or provide them with comfort when you're away from home.

### Attention to Detail

The noise level generated by the PetWant F14 intelligent feeder does not exceed 50 dB, ensuring that the device won't frighten your pet or disturb your household's peace. The bowl is made of stainless steel, making it safe for animals, and is easy to clean. All parts of the feeder can be easily assembled and cleaned, providing your pet with hygienic conditions during mealtime.

### Two Power Options

The PetWant F14 intelligent pet feeder can be powered using a DC5V/1A cord or 3 AAA alkaline batteries, ensuring regular meals for your pet even during power outages. Compatible batteries provide up to 180 days of operation. Choose convenience and give your pet the best!
