Powerbank Baseus Star-Lord 30000mAh, 65W (black)

Ref: 6932172641399

Powerbank Baseus Star-Lord 30000mAh, 65W (Black)

Charge up to 3 devices simultaneously with the Baseus Star-Lord power bank! Star-Lord boasts a powerful 65W output and exceptional speed. It has a battery capacity of 30000mAh. Star-Lord supports fast charging technology, and its use is entirely safe thanks to multi-level protection.

Intelligent Charging

Star-Lord features intelligent charging technology (BPSII), which dynamically distributes energy between the connected devices and automatically adjusts the output power and voltage. All your devices will be quickly and safely charged with the Baseus power bank!

Wide Compatibility

This device is compatible with Huawei SCP/FCP, Apple PD, Xiaomi QC, and Samsung AFC devices, among others. The Baseus product will quickly charge your phone or tablet! The power bank is equipped with the following ports: Micro input, Type-C input, Type-C output, USB1/USB2 outputs. As you can see, the possibilities are limitless!

Safe Usage

The device features an NTC temperature sensor built-in, which, along with an intelligent chip, ensures safe charging and protection

against overheating. The power bank guarantees multi-level protection against overcharging, overvoltage, overcurrent, short-circuit, and electromagnetic interference. You can charge your selected devices without worries!

Thoughtful Design

Star-Lord is equipped with a digital LED display that shows the remaining battery level of the device, making it easy to check when to charge the power bank.
