

Powerbank Baseus Star-Lord 30000mAh, 65W (white)

Powerbank Baseus Star-Lord 30000mAh, 65W (white)

Ref: 6932172641382

Baseus Star-Lord 30000mAh powerbank, 65W (white).

Charge up to 3 devices at the same time with a powerbank from Baseus! Star-Lord features a high power of 65W and extraordinary speed. The battery capacity is 30000 mAh. You can take the device with you almost anywhere! Star-Lord supports fast charging technology and its use is fully safe thanks to multi-level protection.

Smart charging

Star-Lord supports smart charging technology (BPSII), so it dynamically distributes power between charged devices and automatically adjusts the output and voltage. All your devices will be charged quickly and safely with the Baseus powerbank!

Wide compatibility

The device is compatible with Huawei SCP/FCP, Apple PD, Xiaomi QC and Samsung AFC, among others. The Baseus product will charge your phone or tablet in no time! The powerbank is equipped with the following ports: Micro input, Type-C input, Type-C output, USB1/USB2 output. As you can see - the possibilities are endless!

Safety of use

An NTC temperature sensor is built into the device, which, together with a smart chip, ensures safe charging and protects against

overheating. The powerbank guarantees multi-level protection against overcharging, overvoltage, overcurrent, short circuit and electromagnetic field. You can charge your devices of choice without worry!

Thoughtful design

Star-Lord is equipped with a digital LED display that shows the remaining battery level of the device, so you can easily check when to charge the powerbank.
