

Powerbank / Jump starter Lokithor JA302, 2500A, kompresor 10

Ref: 6928493306185

Powerbank / Jump starter Lokithor JA302, 2500A, kompresor 10-150 PSI

Powerbank / Jump starter Lokithor JA302, 2500A, 10-150 PSI compressor

The Lokithor JA302 delivers 2500A of peak current to 12V vehicles, so it will start your car in seconds. It also acts as a powerbank, torch and allows you to inflate tyres. It has a convenient handle for easy carrying and weighs 1.85kg, making it much lighter than lead-acid starters and more environmentally friendly.

Reliable on the move

The Lokithor JA302 starter allows you to start your vehicle with a peak current of 2,500 A. It is compatible with petrol engines up to 8.5 litres and diesel engines up to 6.5 litres. It will work well for cars and vans, motorbikes, trucks, boats, campers, etc.

Allows you to inflate tyres

The Jump starter can inflate tyres weighing up to 10 kg and can inflate up to 4-6 car tyres on a full charge. What's more, the starter automatically stops the inflation process and allows you to change BAR/PSI units. Thanks to its 3 types of needles, it will inflate not only car tyres, but also those for scooters, bicycles, balls, etc.

Even more functions

The Lokithor JA302 also functions as a torch - it generates a brightness of 300 lm and offers 3 modes: SOS, strobe and steady light. It is

perfect for starting an engine or inflating tyres after dark to facilitate visibility. What's more, you can also use the device as a powerbank. The USB3.0 port offers fast charging of smartphones, tablets, etc.

Sophisticated design

The product stands out for its carefully thought-out design, which eliminates vibrations during operation and uses advanced BMS power management technology. In addition, it ensures stable and efficient operation. It also allows you to check whether the battery is faulty and its level in volts. What's more, it remains in standby mode for up to 2-3 years.

Included

- starter
- starting clamps
- pumping cable
- Pump tips
- USB-C cable
- storage bag
- user manual
- Manufacturer
- Lokithor
- Model
- JA302
- Capacity
- 76 Wh
- Starting voltage
- 12 V
- Starting current
- 1200 A
- Peak current
- 2500 A
- Engines
- 8.5-litre petrol, 6.5-litre diesel
- Pressure range
- 10 ~ 150 PSI
- Sensor accuracy
- ±2 PSI
- Brightness
- 300 Lumen
- Input
- USB-C 5V/3A, 9V/2A
- Output
- USB-A 5V/3A, 9V/2A
- Dimensions
- 254 × 142 × 103 mm
- Weight
- 1.85 kg
- Charging temperature
- 0°C to +45°C
- Operating temperature
- 20 °C to +50 °C

□ Storage temperature

□ -20 °C to +50 °C Storage temperature

□ Battery life

□ 1000 cycles

□ Charging time

□ 4.5 to 8 h
