IMOU Protect Plus Gift Card (Annual Plan)

IMOU Protect Plus Card (Annual Plan)

With the card, you gain a one-year support subscription for your IMOU products. As part of it, you get advanced cloud computing technology as well as enhanced security. Choose IMOU Protect and enjoy even more convenience.

Data storage security

Say goodbye to traditional SD cards and their limitations. The cloud storage system is part of the Imou Protect package, allowing you to store and share your recordings for up to 30 days, while ensuring maximum protection for your privacy and data security.

Advanced detection using AI

Leveraging the computing potential of the cloud, Imou Protect delivers up to 200 times the performance of standard embedded camera systems. It enables precise recognition of different types of objects, reducing false alarms. It recognizes not only people, but also animals and vehicles, using advanced algorithms.

Alert analysis and shared access

With a subscription, you gain access to free security reports. Monitor and analyze statistics on generated alerts to be fully aware of daily alert activity. Now you can also share access to devices - Imou Protect allows up to 20 people to jointly manage alerts, cloud records and

connected devices.

Your privacy comes first

Imou Protect takes care of your privacy. The service complies with international data security standards, including ISO 27001, ISO 27017, ISO 27018, ISO 27701, has passed privacy tests for IoT services, and is CSA STAR3 certified, guaranteeing the highest level of personal data protection.
