ORICO USB to RJ45 network adapter (black)

ORICO USB to RJ45 network adapter (black)

Ref: 6936761804813

Orico USB to RJ45 Network Adapter
The Orico UTK-U2-BK-BP compact network adapter stands out for its wide compatibility and ease of use guaranteed by the Plug&Play system. It provides connection speeds of up to 100MB/s, so you can conveniently use the Internet. A practical LED indicator provides information about the status of the device.

Wide compatibility
The Orico Network Adapter is compatible with Windows, Mac OS and Linux operating systems. It can be easily connected not only to laptops and computers but also to TV boxes. Thanks to the plug&play technology the configuration of the device is extremely easy - you do not have to install any additional drivers.

Fast and stable connection
The Orico Network Adapter is equipped with a 7.5cm long cable with a USB 2.0 connection on one end and an RJ45 connector on the other. The product provides high stability and network speed up to 100Mbps. So you can surf the Internet without worrying about annoying delays.

Elegant and compact

The adapter is characterized by an integrated design, light weight and compact size. So you can always have it at hand and enjoy fast internet access whenever you want. It also features a nice touch texture and a special built-in cable slot. As an extra convenience you will find LED indicators that provide information about the status of the adapter.
