

Smart Water Leak/flood Sensor Gosund S5

Smart Water Leak/flood Sensor Gosund S5

Ref: 6972391287749

Smart Water Leak/flood Sensor Gosund S5

The intelligent water leak sensor Gosund S5 is perfect for any place where there is a risk of a leak, such as in the kitchen, bathroom, or near an aquarium. If a water leak occurs, the device will immediately send you a notification on your phone, allowing you to react appropriately. The product also stands out for its low energy consumption and is very easy to install.

Have Everything Under Control

Are you worried that your washing machine might start leaking, and you won't find out about it? Or have you ever forgotten to turn off the water in the kitchen before leaving for work? The Gosund S5 water leak sensor allows you to stay on top of things and respond quickly to such situations! If a leak occurs, you will receive an immediate notification on your phone - this way, you can either handle it yourself or call for help!

Well-Designed in Every Detail

The sensor connects via Wi-Fi, is compatible with the Tuya platform, and works with the Smart Life app. You will find event history records in the app, among other features. The device is also very easy to install and has low energy consumption. It runs on two AAA batteries.

Brand
Gosund
Model
S5
Power Supply
2x AAA batteries
Operating Time
Approximately 6000 alarm triggers
Standby Current
8 uA
Alarm Current
70 mA - 120 mA
Wireless Connectivity
2.4 GHz
Wireless Communication Standard
IEEE 802.11b/g/n
Operating Temperature
From 0°C to 40°C
Operating Environment Humidity
20%-85% RH
Storage Temperature
From 0°C to 60°C
Storage Environment Humidity
0%-90% RH
App
Tuya Smart / Smart Life
Supported Systems
Android 4.4 and newer, iOS 8.0 and newer
