Water flosser with nozzles set Bitvae BV F30 (black)

Bitvae BV F30 Irrigator with Nozzle Set (Black)

The Bitvae BV F30 Irrigator is an innovative solution for oral health care. Its unique combination of advanced technology and elegant design sets this model apart in the market. With a variety of operating modes, high performance, and long-lasting battery, the Bitvae BV F30 irrigator is ideal for anyone seeking an effective way to maintain oral hygiene.

Multi-functionality of Operating Modes

The Bitvae BV F30 Irrigator features 5 operating modes tailored to different oral health needs and conditions. The 'soft' mode is ideal for individuals with sensitive gums, beginners, or those wearing orthodontic appliances. The 'normal' mode is perfect for daily hygiene, while 'potent' effectively removes plaque, preventing tartar. The 'pulse' mode supports gum diseases, and the 'point' mode ensures precise cleaning around dental appliances.

Advanced Intelligent Chip

The heart of the irrigator, an intelligent chip, ensures reliability and precision in operation. It enables the irrigator to operate with optimal efficiency, adjusting the water pressure according to the selected operating mode. This technology guarantees not only effectiveness but also safety during use.

Performance and Effectiveness

The Bitvae BV F30 Irrigator stands out for its exceptional performance, generating 1200 pulses per minute. Such a high frequency of pulsations ensures precise and deep cleaning between teeth and along the gum line, which is crucial in preventing dental problems.

Durable Battery and Long Operating Time

Equipped with a lithium-ion battery, the irrigator offers up to 70 days of use after just 4 hours of charging. The USB-C connector further facilitates charging, making this model extremely convenient for everyday use.

Complete Nozzle Set

The set includes 6 different nozzles, including 3 classic ones, one for orthodontic appliances, one for gum cleaning, and a unique nozzle for tongue cleaning. This equipment allows for comprehensive oral care tailored to the individual needs of each user.

Included in the Set:

Irrigator

6 cleaning nozzles
