

Water flosser with nozzles set Bitvae BV 5020E (Black)

Ref: 6973734201712

Water flosser with nozzles set Bitvae BV 5020E Black

Bitvae BV 5020E Irrigator with Nozzle Set (Black)

Discover a new level of oral hygiene with the Bitvae BV 5020E irrigator. This sleek, black model combines advanced technology with user simplicity, offering up to 21 days of usage on a single charge. The complete set, including the irrigator, a total of 7 nozzles, and a charger, ensures comprehensive care and effective protection for teeth and gums.

Long Operating Time

The Bitvae BV 5020E irrigator stands out for its exceptionally long operating time. After a full charge in just 4 hours, the device is ready for use for 21 days, which is perfect for busy individuals and travelers. This feature minimizes the need for frequent charging, giving you more time for daily tasks.

User-Friendliness

The ergonomic design of the BV 5020E irrigator and intuitive controls make daily use easy. Its compact size makes it perfect for any bathroom and convenient for travel. Additionally, the device is easy to clean, enhancing comfort during use.

Quick Charging

With the included charger, the Bitvae BV 5020E irrigator can be charged anywhere. The fast charging time, just 4 hours, is another

advantage of this device, allowing for quick preparation for use even in emergency situations.
