INVZI GaN 2x USB-C Wall Charger, 45W, EU (Black)

The 45W INVZI charger combines the latest GaN II technology with an elegant, compact design and features 2 USB-C ports. It allows for fast charging of 2 devices simultaneously using Samsung Super Fast Charging 2.0 technology. It also maintains a low temperature and intelligently distributes power, ensuring the safety of your connected devices.

Fast Charging Technology

The use of GaN II technology enables fast and efficient charging. Devices supporting Samsung Super Fast Charging 2.0 can be charged at a maximum power of 45W, resulting in minimal waiting time and maximum efficiency.

Charging 2 Devices Simultaneously

2 USB-C ports made of aluminum not only enhance the charger's aesthetics but also allow you to charge 2 devices at the same time. This feature greatly simplifies daily energy management and saves you time.

Wide Compatibility

The INVZI charger is compatible with the latest Samsung models, including Galaxy S23 Ultra, S23+, S23/A53/A23/A03, Galaxy Z Fold5/4, Galaxy Z Flip5/4, Galaxy Tab S9/S8/S7+, as well as Galaxy Buds 2 Pro/Buds 2/Buds Live and the Galaxy Watch6/5 Pro/Watch5/Watch4

series. It also supports iPhones from the 14/13/12 series, iPads Pro/Air/Mini, MacBook Air Pro, and watches. Additionally, it is compatible with Nintendo Switch and Google Pixel 7/6/Pixel 5 smartphones.

Intelligent Power Distribution

Dynamic power distribution enhances the safety and efficiency of charging. When one port is in use, the power is a maximum of 45W. When both ports are in use, the power is distributed accordingly to provide optimal charging for each connected device.

Low Temperature at Maximum Efficiency

Thanks to the GaN II technology, the charger maintains a low temperature even at maximum load. As a result, you can enjoy greater safety and longer lifespan for your devices.

Compact and Portable Design

The compact design of the charger (40.3 x 39 x 30 mm) makes it an ideal solution for people on the go. You can easily fit it into any bag or backpack.
