Magnetic holder Choetech H050 for MagSafe, iWatch, iPhone 12/13 (black)

Choetech H050 magnetic mount for MagSafe, iWatch, iPhone 12/13 (black).
Choetech H050 is a magnetic holder that is perfect for Apple devices. Thanks to the space provided for MagSafe chargers, you can attach your equipment to the mount and view content at a comfortable angle while charging your watch and phone at the same time, for example.

High quality materials
The holder is made of silicone, so it owes its matte, pleasant-to-touch surface, which gives a modest yet elegant look. In addition, the holder has ETL, RCM, FCC, CE, RoHS certifications, which prove its quality.
