

Computer case Aigo Black Technology Mini Micro-ATX (black)

Ref: 6926170073856

Computer case Aigo Black Technology Mini Micro-ATX (black)

Darkflash Black Technology MINI Computer Case

Are you looking for a computer case that doesn't take up too much space but still has room for all your components? Then the Darkflash Black Technology MINI is just right for you! Its compact, but wide design provides enough space for all necessary components and the modern style emphasizes the visual appeal.

Well thought-out design

The small size of the case allows you to save space on your computer workstation. This does not mean, however, that you will lose the possibility of installing selected components. Black Technology MINI is compatible with Micro ATX motherboards and offers 2 slots each for SSD and HDD.

Functionality

By choosing Darkflash Black Technology MINI you also bet on functionality. The case has 4 expansion slots and as many as 8 fan slots, so that you can provide your computer with optimal cooling. Moreover, it offers a USB 3.0 port, guaranteeing an impressive throughput.

Modern design

Do you want a modern, eye-catching design? The case comes with 2 transparent glass panels (front and side) so that you can equip

yourself with backlighting-based components. This way you will give your workstation a modern, gaming character.
