

Replacement head for heel milling machine Liberex CP007121

Ref: 6931446930573

Replacement head for heel milling machine Liberex CP007121

Replacement head for Liberex CP007121 heel cutter.

Take care of your feet at home! In the set you will find 2 interchangeable heads - coarse-grained and fine-grained, which will provide you with comprehensive foot care. The first one will be suitable for removing calluses and very dry skin. With its help you will restore your heels to their former shine. While the second is great for daily care - with it you can remove keratinized skin on an ongoing basis, preventing the formation of new calluses. You will easily keep them clean - you can easily wash them under running water.
