Interactive Toy for Cats: Cheerble Wicked Snail (Blue)

Cheerble Wicked Snail is an interactive toy for cats that surprises with unpredictable movements. With 2 speed modes and colorful flashing LED lights, it stimulates your pet's hunting instinct, encourages physical activity, promotes intellectual development, and brings joy. Thanks to its automatic obstacle avoidance system, the toy remains undamaged, and the 200 mAh battery ensures up to 2 hours of uninterrupted entertainment. The product is made from pet-safe materials, and cleaning it is hassle-free.

2 Operating Modes

Cheerble Wicked Snail toy offers 2 operating modes, allowing you to tailor its behavior to your cat's mood and temperament. By choosing between the Normal and Gentle modes, which differ in speed levels, you introduce your furry friend to a world full of light and motion, stimulating their curiosity and encouraging active play. The built-in algorithm ensures that the toy automatically returns to its path after being overturned, providing a continuous challenge for your pet's hunting instincts.

Balance Between Rest and Play

Cheerble cares about both your pet's development and rest. The Wicked Snail toy offers 10 minutes of engaging play every 40 minutes, fitting perfectly into your cat's natural life rhythms. Your furry companion can also activate the toy on their own whenever they feel like it - a simple touch is all it takes.

Cat-Friendly

When designing the Cheerble Wicked Snail toy, safety and comfort for pets were a top priority. The shell is made from soft and gentle PVC material, which is durable enough to withstand interactions with even the most playful cats. The toy moves smoothly on various surfaces, including marble, wood, and carpets. It skillfully avoids obstacles and finds alternative paths, and its fast pace and varied movements make every chase exciting and unpredictable.

Long-Lasting Joy

The Wicked Snail offers up to 2 hours of continuous playtime thanks to its efficient 200 mAh battery. A low battery level is indicated by a red flashing light, and the included DC cable allows you to recharge the device in just 40 minutes. This means your pet won't have to wait long for the toy to be ready for more fun.

Hassle-Free Maintenance

The well-thought-out design with a removable shell makes cleaning the toy easy and protects it from fur and dirt. This makes Cheerble Wicked Snail the ideal choice for any cat owner who values cleanliness.
